INDEPENDENT AUDITORS' REPORT

To the Board of Directors of The University of Rhode Island Foundation & Alumni Engagement:

Report on the Financial Statements

We have audited the accompanying financial statements of The University of Rhode Island Foundation & Alumni Engagement (a non-profit organization) (a component unit of the University of Rhode Island) (the Organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The University of Rhode Island Foundation & Alumni Engagement as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Organization's June 30, 2020 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated September 8, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2021, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

September 10, 2021

1. Nature of Operations

The Organization was created in 1957 as the University of Rhode Island Foundation (the Foundation) to serve as an independent charitable corporation for the purpose of soliciting support from private sources through development activities for the University of Rhode Island (the University) and is responsible for managing and administering assets donated to the Foundation for the use and benefit of the University. The Organization's financial statements are included in the financial statements of the University.

Effective July 1, 2019, the Foundation merged with the University of Rhode Island Alumni Association (the Alumni Association). The Boards of both entities approved the merger unanimously on June 5, 2019 and June 7, 2019. These votes were later ratified by the Foundation and Alumni Association Trustees prior to the effective date of July 1, 2019. The University of Rhode Island Foundation, the surviving entity of the merger, changed its name to The University of Rhode Island Foundation & Alumni Engagement (URIFAE) (the Organization), to better reflect the combined activities of the new organization.

The merger was the final step following ongoing efforts between both organizations to integrate operational synergies across advancement and alumni engagement, while remaining focused on the shared mission of advancing the University of Rhode Island.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Organization is presented to assist in understanding the Organization's financial statements. The financial statements and notes are representations of the Organization's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Financial Statement Presentation

The Organization prepares its financial statements on the accrual basis of accounting and, in accordance with authoritative guidance, reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Net Assets without Donor Restrictions (Notes 8 & 9)

Net assets without donor restrictions are available for use at the discretion of the Board of Directors (the Board) and/or management for general operating purposes. From time to time, the Board designates a portion of these net assets for specific purposes which make them unavailable for use at management's discretion.

Net Assets with Donor Restrictions (Notes 8 & 9)

Net assets with donor restrictions consist of assets whose use is limited by donorimposed, time and/or purpose restrictions. Other imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

Cash and Cash Equivalents

The Organization considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Accounts and Pledges Receivable

The Organization carries its receivables at net realizable value. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the estimated future cash flows of the promises to give. On a periodic basis, the Organization evaluates its receivables and establishes an allowance for doubtful accounts using historical collection rates and general economic conditions. The Organization's management has determined that a reserve of approximately \$906,000 for uncollectible amounts is considered necessary at June 30, 2021.

The Organization does not accrue interest on receivables. A receivable is considered past due if payment has not been received within stated terms. Once all practical resources to collect the receivable have been utilized without success, the receivable is deemed uncollectible and charged against the allowance for doubtful accounts.

Investments

Investments in marketable equity securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividends, net of investment consulting and management fees, are reported as investment income.

Building, Equipment, Furniture and Fixtures

Building, equipment, furniture and fixtures are recorded at cost except for donated property and equipment, which is capitalized at its fair market value at the date of donation. Renewals and betterments in excess of \$5,000 that materially extend the life of the assets are capitalized. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets as follows:

Building and building improvements	39 years
Furniture and fixtures	7-10 years
Equipment	5-7 years

Revenue Recognition

Contributions received are recorded as without donor restrictions or with donor restrictions depending on the existence and nature of donor restrictions. Contributions may include actual gifts or promises to give. Such contributions are considered to be available for general operating purposes unless specifically restricted by the donor or grantor. Contributions of assets other than cash are recorded at their fair value on the date of the gift. Contributions of equity securities are converted to cash in a timely manner, in order to avoid any market fluctuations.

Miscellaneous receipts are recorded when goods and services are received. In addition, revenue received through alumni engagement activities is recorded as miscellaneous receipts when received.

URI development reimbursements are recorded when funds are received directly from the University for fundraising expenses paid on their behalf.

Contributions of donated non-cash assets are recorded at their fair values in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills and are provided by individuals possessing those skills, and that would typically need to be purchased by the Organization if not provided by donation are recorded at their fair values in the period received.

Concentrations of Risk

Financial instruments which potentially subject the Organization to concentrations of credit and market risk are cash and cash equivalents, receivables and investments. The Organization maintains its cash balances in several financial institutions. The balance at each institution is insured by the Federal Deposit Insurance Corporation up to \$250,000. From time to time, the Organization's cash balances may exceed this limit. Cash balances in excess of \$250,000 are generally uninsured. Management is aware of this potential loss exposure and has adopted a practice of depositing funds only with highly capitalized financial institutions.

Concentration of credit risk with respect to pledges receivable is generally limited due to the large number of donors comprising the Organization's donor base and their dispersion across different geographic areas. However, as of June 30, 2021, approximately 61% of the Organization's pledges receivable were from two individuals. These individuals have historically made all pledge payments according to terms and, therefore, management does not believe an allowance is necessary as a result of this concentration.

Investments in securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in values of investment securities could occur in the near term and that such changes could materially affect investment balances and activity included in the financial statements. At year end, management does not believe that significant concentrations of market risk exist as the Organization's investment portfolio is highly diversified (Note 5).

Income Tax Status

The Organization is exempt from income taxes as a public charity under Section 501(c)(3) of the Internal Revenue Code. Management believes that the Organization operates in a manner consistent with its tax-exempt status at both the state and federal level.

The Organization annually files IRS Form 990 – (*Return of Organization Exempt From Income Tax*) reporting various information that the IRS uses to monitor the activities of taxexempt entities. The Organization also annually files IRS Form 990-T – *Exempt Organization's Business Income Tax Return* for all of its foreign investment disclosure requirements. The Organization currently has no tax examinations in progress.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of providing various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated in a systematic and rational manner among the programs and supporting services benefited based on management's estimates. Expenses are categorized as program services and management and general on a direct identification basis where practical and on a percentage allocation basis based on management's judgment.

Summarized Financial Information

The accompanying financial statements include certain prior year summarized comparative information in total but not by net asset classification and without accompanying note disclosures and certain functional expense information. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements and related notes to the financial statements for the year ended June 30, 2020, from which the summarized information was derived.

Recent Accounting Pronouncements

The following is a summary of recent authoritative pronouncements that could impact the accounting, reporting, and/or disclosure of financial information by the Organization. The Organization is currently in the process of evaluating the impact of the adoption on the financial statements.

In February 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-02, *Leases*, which is effective for annual periods beginning after December 15, 2021. The standard requires all leases with lease terms of 12 months or more to be capitalized as a right-of-use asset and a lease liability on the statement of financial position at the date of lease commencement. Leases will be classified as either financing or operating. This distinction will be relevant for the pattern of expense recognition in the statement of activities. This standard will be effective for the Organization's year ending June 30, 2023, with early adoption permitted.

In September 2020, the FASB issued ASU 2020-07, *Presentation and Disclosures by Notfor-Profit Entities for Contributed Nonfinancial Assets*, which provides new presentation and disclosure requirements for contributed nonfinancial assets. The standard will be effective for the Organization's year ending June 30, 2022.

Subsequent Events

Management has evaluated subsequent events through September 10, 2021, which is the date these financial statements were available to be issued.

3. Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Financial assets:	
Cash and cash equivalents	\$ 3,725,311
Accounts receivable	117,764
Investments	 62,790,802
Financial assets at June 30, 2021	66,633,877
Less those unavailable for general expenditure within one year, due to: Investments in board designated endowments and accumulated appreciation Available for University support	 6,540,696 52,276,507 58,817,203
Financial assets available to meet cash needs for general expenditures	
within one year	\$ 13,119,665

In addition, the Organization manages its liquidity by developing and adopting annual operating budgets that provide sufficient funds for general expenditures in meeting its liabilities and other obligations as they come due. Actual performance is reported and monitored monthly in comparison to these budgets. Adjustments are made as needed to ensure adequate liquidity.

4. Pledges Receivable

At June 30, 2021, contributors to the Organization have promised to give \$24,603,910 over the next five years.

The present value of pledges receivable has been calculated using an interest rate of 0.87%, which approximates the Federal Reserve five-year Treasury bill rate.

Promised contributions are due as follows:

Within one year One to five years	\$ 8,043,295 16,560,615
-	24,603,910
Less: allowance for uncollectible pledges Less: present value component	905,522 439,998
Less. present value component	
Pledges receivable, net	\$ 23,258,390

Promised contributions as of June 30, 2021 have been designated for the following purposes:

Donor restricted by purpose Donor restricted in perpetuity	\$ 18,350,550 4,907,840
Total pledges receivable, net	\$ 23,258,390

5. Investments and Fair Value Measurements

Authoritative guidance relating to fair value establishes a framework for measuring fair value and a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by authoritative guidance, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Organization has the ability to access.

Level 2 inputs (other than quoted prices included within level 1) are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable and significant to the fair value measurement. The unobservable inputs are developed based on the best information available in the circumstances and may include the Organization's own data.

The Organization reports investments at fair value on a recurring basis. These investments are classified as levels 1, 2 and 3 within the fair value hierarchy, as follows:

Level 1 investments owned by the Organization and listed on a national securities exchange are valued at the last recorded sales price as of the financial statement reporting date, or in the absence of recorded sales, at the last quoted bid price reported as of the financial statement reporting date.

Level 2 investment values are determined by obtaining non-binding market prices from the Organization's third-party portfolio managers as of the financial statement reporting date. These investments are less actively traded in the market, but quoted market prices exist for similar instruments that are actively traded. Certain level 2 investments are redeemable at the net asset value (NAV) reported by the portfolio managers; therefore, NAV was employed to estimate fair value.

Level 3 investment values are provided by the Organization's fund managers who develop their valuations using assumptions that market participants would use in pricing the assets and liabilities of the fund. These valuations rely on NAV's, monthly statements and estimates obtained from the underlying fund managers, which are considered unobservable market inputs in accordance with authoritative guidance. In an attempt to mitigate some of the risk associated with this level of investment, the Organization's management periodically tests the asset balances of the individual funds.

The following table summarizes the Organization's investments measured at fair value on a recurring basis as of June 30, 2021, aggregated by the fair value hierarchy level within which those measurements were made:

			Significant	
		Quoted Prices in	Other	Significant
		Active Markets for	Observable	Unobservable
		Identical Assets	Inputs	Inputs
	Fair Value	(Level 1)	(Level 2)	(Level 3)
Investments	\$269,555,091	\$ 39,288,097	\$ 85,075,176	\$145,191,818

A reconciliation of investments measured at fair value using significant unobservable inputs (Level 3) is as follows:

Description	U.S. Equity Funds	Foreign Equity Funds	Private Equity/ Venture Capital Funds	Hedge Funds	Total
Beginning balance at July 1, 2020	\$ 24,721,787	\$ 34,552,739	\$ 8,140,305	\$ 35,742,504	\$ 103,157,335
Purchases	2,210,000	4,290,000	3,977,621	21,500,000	31,977,621
Withdrawals	(5,416,115)	(4,968,000)	-	(16,812,754)	(27,196,869)
Reinvested income (loss), net of investment expenses	(96,224)	261,218	(91,612)	(521,141)	(447,759)
Realized gain	815,776	2,878,869	350,032	5,322,235	9,366,912
Unrealized gain relating to investments still held at the reporting date	8,385,665	10,907,816	4,449,894	4,591,203	28,334,578
Ending balance at June 30, 2021	\$ 30,620,889	\$ 47,922,642	\$ 16,826,240	\$ 49,822,047	\$145,191,818

The following represents the Organization's fair value hierarchy for its investments measured at fair value on a recurring basis at June 30, 2021:

		Fair	Gross Unrealized
	Cost	Value	Gains (Losses)
Level 1			
Mutual Funds	5,428,494	6,595,873	1,167,379
U.S. Equity Securities	22,573,377	32,692,224	10,118,847
Total level 1	28,001,871	39,288,097	11,286,226
Level 2			
Fixed Income:			
U.S. Treasuries	33,684,384	34,318,113	633,729
U.S. Corporate	24,224,391	24,381,437	157,046
Foreign	6,182,077	6,239,153	57,076
Multi-Strategy/Other	10,743,182	10,671,660	(71,522)
25	74,834,034	75,610,363	776,329
Equity Securities:			
Domestic Equity Funds	822,256	1,129,927	307,671
Foreign Equity Funds	4,709,024	8,309,492	3,600,468
	5,531,280	9,439,419	3,908,139
Real Assets	20,629	25,394	4,765
Total level 2	80,385,943	85,075,176	4,689,233
Level 3			
Domestic Equity Funds	6,466,134	30,620,889	24,154,755
Foreign Equity Funds	34,989,494	47,922,642	12,933,148
Private Equity/Venture:	• .,. • . ,	,,,	
Capital Funds	11,601,694	16,826,240	5,224,546
Hedge Funds	39,408,033	49,822,047	10,414,014
8			
Total level 3	92,465,355	145,191,818	52,726,463
Total investments	\$ 200,853,169	\$ 269,555,091	\$ 68,701,922

Total net investment income for the year ended June 30, 2021 consisted of :

Interest and dividends	\$ 4,321,850
Net gain on sale of investments	13,657,736
Net unrealized gain on investments	37,651,316
Annuity payments	(158,775)
Investment consulting and management fees	(1,572,991)
Total net investment income	\$ 53,899,136

The Organization's Level 3 investments include the following assets for which NAV was employed to estimate fair value:

Asset Class	Investment	Fair Value Determined Using NAV	Redemption Frequency	Redemption Notice Period
Domestic Equities	Domestic Equity Funds	\$ 30,620,889	Bi-monthly - Annually	1-60 Days
Foreign Equities	Foreign Equity Funds	47,922,642	Bi-monthly - Annually	1-60 Days
Private Equity	Venture Capital and Growth-Related Private Equity Funds	16,826,240	None	None
Hedge Funds	Hedge Funds	49,822,047	Monthly - 3 Years	5-95 Days
Total		\$145,191,818		

Descriptions follow for each of the investments set forth in the table above:

Domestic Equity Funds

The Organization's investments include interests in one commingled fund. This fund holds positions of publicly traded United States based common equities.

Foreign Equity Funds

The Organization's investments include interests in six commingled funds that hold stock in publicly traded foreign market equities.

Private Equity/Venture Capital Funds

The Organization's investments include interests in 14 venture capital and growth-related private equity funds, direct investments into start-up and development stage companies, and all activity related thereto. These investments require an initial capital commitment but are funded over time with ongoing capital calls (unfixed intervals) that typically take several years to fulfill. Unfunded commitments as of June 30, 2021 are approximately \$16,850,000.

Hedge Funds

The Organization's investments include interests in nine hedge funds which invest in a variety of assets with complex portfolio construction.

6. Building, Equipment, Furniture and Fixtures

Building, equipment, furniture and fixtures consisted of the following:

\$ 2,855,596
 341,034
3,196,630
 1,468,129
\$ 1,728,501
\$

7. Funds Held in Annuities and Unitrusts

Included in net assets with donor restrictions are annuities with a fair market value of approximately \$2,798,700, of which the University is the beneficiary. The earnings on these annuities are distributed to the annuitants in accordance with the respective annuities' payment terms, as stated in the agreements. The gift annuity payable is approximately \$1,310,000 at June 30, 2021, which will be disbursed over the annuitants' and/or designated beneficiaries' lifetimes.

In addition, these financial statements include assets at net present value of approximately \$395,100, which are controlled by independent trustees in unitrusts. Such assets are included in net assets with donor restrictions and will eventually revert to the benefit of the Organization upon satisfaction of each trusts' restrictions.

8. Net Assets with Donor Restrictions by Purpose

Net assets with donor restrictions by purpose consist of funds for general program needs and restricted endowments, which include appreciation and inflation (Note 9). These assets are held by the Organization on behalf of the University with the following donor-imposed restrictions:

	Available for University Support	Funds Acting as Endowments	Appreciation on Endowments	Total
Academic support	\$ 15,432,745	\$ 37,290,155	\$ 19,343,224	\$ 72,066,124
Administrative and other		-		
purposes	3,260,561	-	800,135	4,060,696
Athletics	2,549,109	-	1,151,556	3,700,665
Buildings and equipment	23,138,128	1,134,782	1,496,316	25,769,226
Faculty chairs	1,027,460	-	6,006,083	7,033,543
Charitable remainder				
unitrusts	395,125	-	-	395,125
Library	1,182,473	-	1,663,876	2,846,349
Outreach programs	1,867,464	333	1,736,086	3,603,883
Research support	3,100,887	313,147	1,148,104	4,562,138
Scholarships, fellowships				
and awards	6,971,086	9,258,765	28,031,250	44,261,101
Visiting lecturers	208,936		562,678	771,614
Total donor restricted by				
purpose	\$ 59,133,974	\$ 47,997,182	\$ 61,939,308	\$ 169,070,464

9. Endowment

The endowments primarily include donor restricted endowment funds, but also include a portion of funds designated by the Organization's Board to function as an endowment.

Rhode Island UPMIFA requires prudent management of the fair value of the original gifts as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. The net assets are classified with donor restrictions; restricted in perpetuity a) the original value of gifts donated to the permanent endowments, b) the original value of subsequent gifts to the permanent endowment, and c) accumulations to the permanent endowment made in accordance with the direction of the Board and/or applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as net assets with donor restrictions; restricted in perpetuity is classified within net assets with donor restrictions by purpose until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence by Rhode Island UPMIFA. In accordance with Rhode Island UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the Endowment Fund,
- o The purposes of the Organization and the Endowment Fund,
- o General economic conditions,
- The possible effect of inflation or deflation,
- o The expected total return from income and the appreciation of investments,
- o Other resources of the Organization, and
- The investment policy of the Organization.

The endowment of the Organization is composed of two separately held and invested components, a General Endowment Fund and an endowment for the College of Pharmacy.

The General Endowment Fund (GEF) is made up of over 1,000 individually named endowment funds pooled together for investment purposes. The mechanics of the GEF are similar to those of mutual funds. Each individual named endowment purchases and owns units in the pool based on the gift value and the unit value on the date the gift is received. As each month ends, the market value of the GEF determines the new unit value. The GEF holds the vast majority of gifts received by the Organization through the years with a historic dollar value and fair market value at June 30, 2021 of approximately \$159,840,100 and \$223,037,500, respectively.

The endowment for the College of Pharmacy was established by the General Assembly of the State of Rhode Island at its January session in 1958 and approved on May 9, 1958 with a historic dollar value and fair market value at June 30, 2021 of approximately \$134,800 and \$1,283,800, respectively.

The Organization adopted an investment policy for endowments with a long-term investment objective to maintain and grow its purchasing power through earnings, net of fees, with average annual compound returns equal to or greater than the spending rate plus inflation of the endowment assets.

The Organization's spending rate for the fiscal year ended June 30, 2021 was 5.55%, calculated on a prior 12-quarter rolling average market value of the investment portfolio. The spending rate will be 5.05% for the fiscal year ending June 30, 2022. These rates incorporate both the University distribution and the Organization's management fee.

Changes in Endowment Net Assets for the Year Ended June 30, 2021

10. Miscellaneous Receipts

Miscellaneous receipts for the year ended June 30, 2021 consisted of funds received for activities across University departments totaling approximately \$617,800.

11. Retirement Plans

The Organization maintains The University of Rhode Island Foundation and Alumni Engagement Defined Contribution Retirement Plan under Section 403(b) of the Internal Revenue Code. The Plan requires contributions of 5% of eligible employees' compensation with matching contributions of 9% by the Organization. Total contributions by the Organization under the Plan was approximately \$512,900 for the year ended June 30, 2021, which is included in foundation management expenses in the accompanying statement of activities.

Effective January 1, 2019, the Organization adopted the University of Rhode Island Foundation 457(b) Plan under Section 457(b) of the Internal Revenue Code of 1986. The approximate amount of employee deferrals for the year ended June 30, 2021 was \$5,800. The Organization contributed approximately \$6,100 during the year ended June 30, 2021.

12. Commitments and Contingencies

Operating Leases

The Organization leases two copy machines under operating leases expiring through October 2022.

Total approximate minimum operating lease payments are as follows:

Year Ending

June 30, 2022 June 30, 2023	\$ 4,100 1,200
Total	\$ 5,300

URI Research Foundation

The Organization has served as the designated agent on behalf of the RI Board of Governors for Higher Education (BOG) (now referred to as the Council on Postsecondary Education) since January 21, 1982 to manage all patents and intellectual property for the University of Rhode Island. During the 2007 legislative session, the General Assembly for the State of Rhode Island enacted RI general laws § 16-32.1-1 and established the University of Rhode Island Research Foundation (URI Research Foundation) as a separate and distinct public corporation for the purposes of serving as the sole and exclusive agent of the RI BOG in managing all patents and intellectual property made available to the University of Rhode Island. The RI BOG subsequently confirmed this agency designation by adopting a formal resolution on January 28, 2008. During 2017, the Organization and the URI Research Foundation met to determine the ownership and presentation of these assets. As a result, it has been determined that all funds currently held by the Organization on behalf of the URI Research Foundation are the assets of the URI Research Foundation. The recognition of this obligation is reflected in the accompanying financial statements as a liability in the amount of approximately \$1,421,100. The Organization continues to hold and invest the funds on their behalf while remaining under obligation to make the funds available upon request. In addition, the Organization entered into a Securities Account Control Agreement dated August 4, 2021 by and among the Organization, the URI Research Foundation and Bank Rhode Island in which the Organization agreed to serve as a "Securities Intermediary" (as custodian of these funds) in the event of a default as part of a debt security interest granted by the URI Research Foundation to Bank Rhode Island.

23

College of Engineering Equipment Agreement

In 2019, the Organization entered into an agreement to purchase \$9,810,036 of equipment for the new College of Engineering complex. As part of the agreement, the Organization received credits in the form of discounts and rebates, with an aggregate fair market value of \$4,571,614, to be applied toward these purchases. For the fiscal year ended June 30, 2021, the Organization recognized \$2,426,255 of credits related to purchases made during the fiscal year. These credits are reflected in the accompanying statement of activities as in-kind donations.

Legal Proceedings

The Organization is from time to time subject to legal proceedings and claims that arise in the course of carrying out the Organization's mission. In the opinion of management, the amount of ultimate liability with respect to actions outstanding as of June 30, 2021 will not have a material adverse effect on the Organization's financial position or its results of operations.

13. Related Party Agreements

Contributions to University of Rhode Island

The Organization, at the direction of its donors, makes payments on behalf of or directly to the University. Such amounts are classified as Contributions to University of Rhode Island on the Statement of Activities. The primary sources of Organization funds available to the University for immediate expenditure include charitable gifts, charitable grants and spending allocations from the accumulated investment earnings of individual endowment funds. The Organization disbursed \$15,972,468 in support of the University in accordance with the donated purpose for the year ended June 30, 2021. Fluctuations in spending from year to year are driven by the current needs of the University. The Organization has recorded a liability to the University of approximately \$2,085,200 for amounts due related to these expenditures.

Lease Agreement

The Organization has a ground lease agreement with the University for the land on which its facility is located. The lease provides for annual payments of \$1 for 10 years ending February 2022. In addition, the University agrees to use its best efforts to grant the Organization additional 10-year option periods not to exceed eight additional terms. Upon termination of the lease, the Organization shall transfer all of its rights, title, interest and ownership of the facility to the University.

The Organization rents additional office and storage space under operating leases on a tenant-at-will basis. Approximately \$37,100 in lease expense for the space has been recorded in the accompanying statement of activities for the year ended June 30, 2021.

University Support

The University provides various services and other items to the Organization, which are reported as in-kind donations in the accompanying statement of activities. A summary of amounts received from the University is as follows:

Personnel	\$ 453,394
General and administrative costs	108,910
Rent	82,000
Postage	12,978
Telephone	7,134
Printing costs	 6,383
Total in-kind	\$ 670,799

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of The University of Rhode Island Foundation & Alumni Engagement:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of The University of Rhode Island Foundation & Alumni Engagement (a component unit of the University of Rhode Island) (the Organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 10, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
